### 11 Watermark Drive, Tiverton RI

4 BR 3 BA 2,350 Sq Ft.

Outstanding opportunity to live on one of our most sought after locations at The Villages. Watermark Drive is perched over 100 feet above sea level on the north end of the property. This particular style End townhome is perfectly positioned to capture a unique and expansive view up Mount Hope Bay. This design has always been the most popular, is loaded with sunlight and has been meticulously maintained. The home is thoughtfully designed for one level living with plenty of sleeping and living space upstairs for extended family and friends. The daylight walkout lower level is fully finished with full bath, patio and offers additional space for entertaining, home office, hobby rooms, storage, wood shop, guest rooms and/or live in help. Absolutely stunning plantings greet you at the front walkway and meander down and around the stone wall at the patio. You won't get tired of watching those postcard-worthy sunsets from your deck!

**\$988,000**
